

THE RARE CORNER

Cookie Policy

Last updated: July 2026

This Cookie Policy explains how The Rare Corner uses cookies and similar technologies on therarecorner.com, and forms part of our Privacy Policy.

1. What Cookies Are

Cookies are small text files placed on your device when you visit a website. They are widely used to make websites work, or work more efficiently, and to provide information to the site's operators. Similar technologies such as local storage may be used for the same purposes.

Some cookies last only for your browsing session and are deleted when you close your browser ("session cookies"); others remain on your device until they expire or you delete them ("persistent cookies").

2. Cookies We Use

Essential cookies: necessary for the Website to function. These include cookies that keep you signed in to your account, remember the items you have saved, and support security. Because the site cannot function properly without them, they cannot be switched off through our site.

Analytics cookies: help us understand, in aggregate, how visitors find and use the Website — such as which pages are most visited — so that we can maintain and improve it. The information is used in a summarised form and does not identify you individually.

We do not use advertising cookies or third-party marketing or profiling trackers.

3. Managing Cookies

Most browsers allow you to view, manage, delete, and block cookies through their settings. If you disable cookies, please be aware that some parts of the Website may not function correctly — in particular, you may not be able to stay signed in to your account or retain saved items.

You can find guidance on managing cookies in the help section of your browser.

4. Changes

We may update this Cookie Policy from time to time. The current version is always published on the Website.

5. Contact

If you have any questions about our use of cookies, contact us at enquiries@therarecorner.com.
